- Guar Gum
- Floriculture and Floriculture Products
- De-oiled rice bran
- Green Pepper in brine
- Cashew Nuts and its Products

GulFood 2024

A Fresh Boost of Unprecedented Scale to the Business World

**APEDA'S PARTICIPATION IN GULFOOD 2024
19th – 23th FEBRUARY, 2024**

Aligned with the nation's vision to be a leading player in shaping the future of vital sectors that drive global prosperity and growth, APEDA continues to extend its support in bringing together nations, markets and industries to discuss vital issues that impact the sustainability of economies and societies.

APEDA organized participation in biggest ever edition of Gulfood along with exporters, processors, startups, women entrepreneurs and FPOs.

India is making a remarkable presence at Gulfood 2024 in Dubai, UAE, as over 350 Indian companies gathered to showcase their diverse array of products. This unprecedented turnout underscores India's burgeoning role as a global leader in the food supply industry. For years, India has been a trusted supplier of various food items to the United Arab Emirates, including grains, cereals, pulses, and more. Now, with such a massive presence at Gulfood, India is not just showcasing its culinary prowess but also exploring new avenues for trade in the UAE and beyond.

At the heart of India's representation is the Agricultural and Processed Food Products Export Development Authority, whose pavilion boasts over 70 exhibitors, from startups to MSMEs, offering a glimpse into India's diverse culinary landscape. The UAE has become India's third-largest trading partner, thanks to the surge in food exports, fuelled by recent agreements like the Comprehensive Economic Partnership Agreement, which has boosted trade by 16% in just one year. From fragrant spices to wholesome grains, India's offerings cater to a wide range of tastes in the UAE, paving the way for further growth in the domestic food industry, projected to hit \$620 billion by 2029.

Looking ahead, India's domestic food industry is poised for substantial growth, projected to reach an impressive \$620 billion by 2029. The Middle East, with its increasing appetite for Indian flavors, presents a lucrative opportunity for exporters. As the primary food exporter to the Arab League, India is solidifying its position on the global culinary stage.

As Gulfood continues, it serves as a crucial platform for Indian businesses to connect, explore new markets, and forge partnerships. From industry giants to innovative startups, the event promises exciting opportunities in the ever-evolving global food sector. The world's largest annual gathering for food and beverage sourcing worldwide, Gulfood offered a window into the global food sector's vast and diverse offerings - from future-shaping F&B innovations to superfoods that are

redefining our plates and palates. The fair commenced on February 19th and was concluded on the 23rd February 2024.

The Show saw 100,000 visitors from 190 countries discovering cutting-edge solutions presented by 5500 exhibiting companies from 190 countries, and gaining technology and industry insights from 150+ renowned industry experts & 100+ Chefs including 25+ Michelin Star Chefs through sessions

A vibrant and aesthetically designed India Pavilion was constructed in the area of 672 sq mtr at Za'abeel Plaza, DWTC, Dubai wherein near 100 exporters showcased their products like Rice, Millets, Fresh fruits and vegetables, Processed fruits and vegetables, Dairy products, Honey, Jaggery & Confectionery, Miscellaneous food preparations, Peanuts etc.

On Day 1 of Gulfood 2024, the APEDA India Pavilion was inaugurated by Shri Abhishek Dev, IAS (Chairman, APEDA), in the presence of Dr. Sudhanshu (Secretary, APEDA), Dr. Tarun Bajaj (Director BEDF, APEDA), APEDA Officers & Participating Exporters. Later on Shri Abhishek Dev, IAS also inaugurated the booth of All India Rice Exporters Association along with Mr. Alok Bisaria, ED, AIREA, followed by the discussion at World Food Forum and Lulu Booth.

On 21st Feb 2024, H.E. Sunjay Sudhir, Ambassador of India to UAE and Mr. Satish Kumar Sivan, Consul General of India in Dubai visited the APEDA India Pavilion. He was welcomed by Shri Abhishek Dev along with APEDA officers. After visiting various India exporters at APEDA Indian Pavilion they visited the AIREA booth followed by Allana & Lulu booth for various discussion regarding how to increase the export of India produced goods to the UAE market.

The Indian pavilion was amongst the largest pavilion at the show. An exclusive pavilion was built to display the variety of Indian millet goods. Indian entrepreneurs and FPOs were provided space to display their Millet-based value-added goods and organize sample and tasting campaigns throughout the course of the five-day event.

The whole line of millet-based foods, including dosa, idly, khichri, daliya, noodles, pasta, flakes, pan cakes, morning cereals, biscuits, cookies, snacks, chocolates and more, were on display. Additionally, processed food items were made available in the APEDA product common display area.

During the five-day event, a special arrangement was also created for organizing wet samplings of Indian millet-based dishes and basmati rice biryani. A local chef was engaged for making different cuisines and organizing publicity of Indian Millet based products.

Branding and Publicity

In collaboration with IBEF, high-level branding and advertising for Indian Millets goods was carried out, emphasizing their "Good for you and the Planet" benefits. At bus stops, airports, and through social media and video decks, digital branding

was created. For better publicity of APEDA India Pavilion and important activities, Photography and Videography activity was carried out during the event (Annexure-1).

Trade Enquiries

The exporters, startups, and FPOs received a positive reaction and generated several trade inquiries. In following meetings with the purchasers, they are hoping that the Trade Enquiries will be followed up on for the execution of export. During the event, APEDA received various trade inquiries, which have since been published to the website for the benefit of the trade.

The Event was expertly put together. After receiving a considerable number of trade inquiries during the event, almost all exporters were pleased.

Feedback

At the end of the event, feedback forms were obtained from the participants. The following major feedback received from the exporters are as follows:

1. The design and construction of APEDA pavilion was appreciated by the participants. There was a clear visibility of India pavilion from the main gate of Za'abeel Plaza.
2. Overall the event planning, execution and efforts made by APEDA were appreciated by the exporters, startups, FPOs and new entrepreneurs participated in the Gulfood 2023.
3. The exporters mentioned that the platform provided them an opportunity to interact with the potential international buyers and to understand the international requirement of Quality of products and packaging. They obtained a good exposure of international market with the showcasing of extensive range of Indian product available for export.
4. The Millet products exporters/startups were appreciated the efforts of APEDA for providing them an opportunity for showcasing their produce first time in such a big international event. They got the number of trade enquiries that will be converted into export order in near future.
5. A general feedback was that APEDA pavilion should be set up in the main halls instead of any side plaza which was organized in a tent alongside the Za'abeel Hall where footfall was low as compare to the main halls in DWTC.
6. Participants also requested to proceed with stall allotment and other activities in advance so that the participants can get more opportunities to avail the branding opportunities at the venue and avoid end moment hassle.
7. Branding and publicity of Indian Rice and Millets at Airport, Bus stop and through social media campaign was appreciated by the participants.

Overall, it was a successful event organized by APEDA wherein lots of trade promotional activities were carried out. A Positive feedback was received from the

trade and requested to set up India pavilion in the main hall instead of Za'abeel Plaza or any other Tent Halls.

APEDA India Pavilion and important activities, Photography and Videography activity was carried out during the event (Annexure-1)
